

REMARKS

Claims 11-14, 21, and 26 have been allowed, and Claims 22-25 have been held to define patentable subject matter.

After entry of this Amendment, the pending claims are Claims 11-14 and 21-26.

Applicant has amended Claims 22-25 to rewrite them in independent form. Each of these claims now contains the limitations of the claims from which they previously depended. Applicant submits that these claims are now allowable.

Applicant has cancelled all of the claims not mentioned above. Therefore, no discussion of the prior art is believed necessary.

All of the pending claims have been held to define patentable subject matter. Applicant therefore submits that the application is in condition for allowance. Applicant requests reconsideration by the Examiner, entry of this Amendment, and early favorable action.
